ABSTRACT

The ideal of womanhood is India is motherhood – that marvellous, unselfish, all suffering. Ever-forgiving mother. It is unfair to judge woman in the east by the western standard. In the west woman is the wife, in the east she is the mother. In India the woman was the visible manifestation of God and that her whole life was given up to the thought that she was a mother, and to be a perfect mother she must be chaste.

KEYWORDS : *ideal of womanhood, west women.*

INTRODUCTION :

When I look about me and see what you call gallantry, my soul is filled with disgust. Not until you learn to

ignore the question of sex and to meet on a ground of common humanity will your women really develop.

Until then they are play things, nothing more. All this is the cause of divorce. Your men bow low and offer a chair but in another breath they offer compliments. They say, “oh, madam, how beautiful are your eyes!” What right have they to do this?

We should not think that we are men and women, but only that we are human being, born to cherish and to help one another.

Neglect of Women :

In India there are two great evils. Trampling on the women, and grinding the poor through caste restriction.

Without Shakti (power) there is no regeneration for the world. Why it is that our country is the weakest and the most backward of all countries ? – Because Shakti is held in dishonour there.

UNFAIR TO DISCRIMINATE BETWEEN THE SEXES :

It is very difficult to understand why in this country even 57 years of

independence so much difference is made between men/and women, whereas the vendanta declares tha one and the same conscious self is present in all beings. You always criticize the women but say what have you done for their uplift ? Is there any sex-distinction in Atman (self) ?out with the differentiation between man and women – all is Atman!

WOMEN MUST BE RESPECTED :

Can you better the condition of your women ? Then there will be hope for your well being..

Do you mean to say that the divinity back of women can ever be cheated ? I never was and never will be. It always asserts itself, unailing it detects fraud, it detect hypocrisy, unerringly it feels the warmth of

truth, the light of spirituality is to be attained.

There is no chance for the welfare of the world unless the condition of women improved. It is not possible for a bird to fly in only one wing. Hence I, earnestly to day humbly all of you if possible to open girls schools in every village and try to uplift them by way of supporting hands of social women, active leader educationalist, knowledgeable person – institutional bodies etc and so on. Because if the women are raised, the then children will be their noble actions glorify the name of the country kthen will cultural knowledge, power and devotion awaken in the land. Otherwise you will find that in the vedic or upanishadic age maitreyi, Gargi, and ladies of revered memory and history repeats itself.

That country and that nation which do not respect women have never become grate, not will ever be in future. In the Manu’s words-

“ Where women are respected, there the
Gods delight; and where they are not,
There will works and efforts come to naught”

There is no hope of rise for that family or country where there is not estimation of women, where they live in sadness. For this reasons, they have to be raised first.

EDICATION CAN SOLVE WOMEN’S PROBLEM:

Today, Indian women have many and grave problems, but none that are not to be solved by that magic word “ Education”.

Educate your women first and leave them to themselves, then they will tell you what reforms are necessary for them. See how grand was the queens of Zhansi. Sita- Sharadadevei etc. Sita is unique, that character was depicted once and for all. There may have been Ramas.perhaps, but never more than one Sita. She is the very type of the true Indian women, for all the Indian ideals of a perfected women have growth out of that one life of Sita; and here she stands these thousands of years, commanding the worship of every man, women and child throughout the length and breadth of the land of Aryavarta.

MEN! HANDS OFF :

Educate your women first and leave them to themselves, then they will tell you what reforms are necessary for them. Our right of interference is limited entirely to giving education – liberty is the first condition of growth, it is wrong, a thousand time wrong, if any of you dares to say, ‘ I will work out the salvation of this women of child’, I am asked again and again what I thank of the widow problem and what I think of the women question. Let me answer once for all – am I a widow that you ask me that nonsense ? Am I a women that you able me that question again and again ? Who are you to solve women’s problem ? Are you the lord God that you should rule over every widow and every women ? Hand off ! They will solve their own problems.

CONCLUSION :

We want both men and women. There is no distinction of sex in the soul- We what thousands of men and women, who will spread like wild fire from Himalayas to cape comorin, form the North pole to the South pole- all over the world. It is no use indulging in child’s play- neither is there time for it. We want an organization off with Laziness, spread Run like fire to all places.

The world is in need of those whose life is one burning love, selfless – Allas gives the world light to sacrifice themselves for the good of many , for the welfare of all. Hence women education is essential at the

present day situation to solve their own legs, without any hurdles, then the India shining faith is truly observed in 21 century.
