One day sona went to her company as usually but she was having some extra work in her company, so she was going to home late.She was driving her car on the road .On the way to home , she called her husband Ajay. He picked her call and she said she is on the way to home. Suddenly her car was stopped by some unknown members and she was kidnapped by some boys and her eyes were tied by a cloth.She shouted many times "Please help me " and after that she was hearing some boys talking .She noticed their voice and she was crying and shouting to leave her.

After a few minutes the boys started to misbehave with her.She was raped by that boys and they left her there and they escaped. In her house her husband was waiting for her.He started his car and he was on the way to her company .On the way to her company he noticed Sona 's car was stopped there and he saw that sona was not there inside that car.He was afraid and he started crying and he went into the forest and he searched her and sona was there .She was unconscious lying there unconsciously and he lifted her up and went to the hospital by car immediately.

They reached the hospital and the doctor told that she was raped by some persons .Ajay was shocked and he was trying to find those persons who raped his wife. He went to police station and he complained about this rape and he booked a case.Then police started the investigation.

By the side he started to search those persons and suddenly he started to remember about one incident which happened in his life and he went to the police station and he started narrating the flash back to the police .At the same time Sona was in the hospital and her parents were taking care of her.

### AJAY'S FLASH BACK TO THE POLICE

Ajay started his flash back by saying that once upon a time in his company he is the person in charge of a new project .In his project he wants to construct a new company in that area.He went to that area and saw many poor peoples were living there and it was a slum area..They were not even having any home and they were living on the roadside and in hut and some people in their

houses. Ajay surveyed that place and he went to his company and spoke with the owner that it is not fair to construct there and it is illegal to construct our company in their places. So he requested the owner to withdraw his plans. He shouted at him and he changed that project work to another person. Ajay fought with his owner and warned him that if he do like this we need to meet in the court he said and went. He and his wife went to the beach at that time some boys were started beating him at that time sona started fighting with that boys and rescued Ajay. Later he went to hospital and he left that casually. Later Ajay discussed this matter with the sona and she went to that slum area and she started helping them regularly.

Days went as usually and we lived a happy life. Ajay told everything to the police and he suspects the boys misbehaved with him were the persons who would have been misbehaved with her wife also. After hearing this the police said don't worry we will find those boys you take care of your wife and he said we will inform. Then after few hours police confirmed that the incidents which happened to Ajay and Sona were mainly caused by Ajay's company owner.

Then Ajay stated a complaint even for the slum people. Then he went to the court and asked justice for his problem. The court gave him the justice by saying that the land will be given to those poor people and they can live their normal life and they can't construct their company there. Then for his wife the justice has been given for her rape.

### PUNISHMENT:

The boys were arrested and the owner was also arrested and the company was sealed. And they were punished severely.

Sona who is in the hospital started her life regularly with the support of Ajay and she went to her company normally and she did her service to the slum people regularly.
